

# Table of Contents

Numerical Investigation on the Effect of Material Thicknesses on Membrane Action Development in PSSDB Floor System <i>Mahmood Seraji, W. H. Wan Badaruzzaman and Mohd Isa Jaffar</i>	1
Relationships between Morphology Aspect and Slope Failure Probability by Using 3D Slope Stability Analysis in Yamasubaru Sub-basin, Miyazaki Prefecture, Japan <i>Hendra Pachri, Yasuhiro Mitani, Hiro Ikemi and Ryunosuke Nakanishi</i>	5
High Strength Concrete Using “MUTONS” (Metal Aggregates) The Gateway to New Concrete Technology for Mega Structures <i>Gautam Kumar, Mandeep Kaur, Arjun Singh and Gurcharan Singh</i>	10
Application of Curve Number Method for Estimation of Runoff Potential in GIS Environment <i>Ishtiyaq Ahmad, Vivek Verma and Mukesh Kumar Verma</i>	16
Nonlinear Seismic Response of 3D Steel Buildings with Welded and Post-Tensioned Connections <i>Alfredo Reyes-Salazar, Manuel Soto-Lopez, Israel Gaxiola-Avenidaño, Eden-Bojorquez and Arturo Lopez-Barraza</i>	21
Prediction of Maximum Interstory Drift Demands in Steel Buildings Using $I_B$ <i>Edén Bojórquez, Robespierre Chávez and Alfredo Reyes-Salazar</i>	26
A Comparative Study to Analyze the Effectiveness of Shear Walls in Controlling Lateral Drift for Medium to High Rise Structures (10 – 25 Storeys) <i>Jamal Ali, Abdul Qadir Bhatti, Mansoor Khalid, Junaid Waheed and Shaqran Zuberi</i>	31
A System Dynamics Model for the Simulation of the Management of a Water Supply System <i>Suwan Park, Vahideh Sahleh and So-Yeon Jung</i>	37
Effect of Diesel Oil Contamination on Soil Natural Recharge of Groundwater <i>Gbenga Matthew AYININUOLA and Oluwatosin Feyisetan KHASHIMA</i>	42
Monitoring Corrosion Activity of Steel Reinforcement Using Acoustic Emission <i>Hisham Elfergani, Karen Holford and Rhys Pullin</i>	47
Electrical Resistivity Investigation for Topsoil Thickness, Competence and Corrosivity Evaluation: A Case Study from Ladoke Akintola University of Technology, Ogbomosho, Nigeria <i>O. G Bayowa and N. S. Olayiwola</i>	52
A Seawall Design with a Revetment and the Wave Reflector to Protect Coast and Maintain the Position of Maron Coast Line Semarang <i>Nalarsih</i>	57
Stability Assessment of Chamshir Dam Based on DEM, South West Zagros <i>R. Khavari</i>	62
Power Line Based Biotelemetry System for Human Health Monitoring <i>Sridhathan C, N Vigneswaran and Fahmi Samsuri</i>	67

Biomass Potential of Tree Species for Biofuel Production in Southeast Queensland <i>Patrick Mason and Doug George</i>	72
Introduction and Participatory evaluation of Exotic Cultivars of Pepper ( <i>Capsicum Spp.</i> ) among Small Holder Farmers in South-Western Nigeria <i>Akin Omotayo, Claudia Ribeiro, Anthony K. Oluleye and Ayodele Fajinmi</i>	77
Effect of Horizontal Shear Load on Pavement Performance <i>Nonde Lushinga and Jiang Xin</i>	83
Author Index	89
